

Welcome

We are delighted to offer you the opportunity to attend both the 29th International Horticultural Congress and the 5th World Congress on Medicinal and Aromatic Plants, in Brisbane, Australia in August 2014.

The congresses are being run concurrently at the Brisbane Convention and Exhibition Centre. The International Horticultural Congress is hosted under the auspices of the International Society of Horticultural Science by the Australian Society of Horticultural Science, the New Zealand Institute of Agricultural and Horticultural Science, and the Secretariat of the Pacific Community; and the World Congress on Medicinal and Aromatic Plants is organised by the International Council on Medicinal and Aromatic Plants (ICMAP).

The staging of both events concurrently at the same venue provides an even wider range of scientific opportunities for all delegates.

We invite you to contribute to the stimulating technical presentations while enjoying the spectacular sights of subtropical Australia.

So please reserve these dates in your calendar. We hope you will contribute to the stimulating technical presentations while enjoying the spectacular sights of subtropical Australia.

“Horticulture -
sustaining lives,
livelihoods and
landscapes”

5th World Congress on Medicinal & Aromatic Plants

Joins with the 29th International Horticultural Congress

Brisbane, Australia | 17–24 August 2014

www.icmap.org

Brisbane - Queensland's subtropical capital city

Brisbane's subtropical climate provides comfortable August daytime temperatures, usually around 21°C. The city has a vast array of cafes, restaurants, pubs, night clubs, cinemas, gift shops, cultural venues and shopping centres, all within walking distance of the Congress venue. The world famous beaches of the Sunshine and Gold Coasts are about an hour's drive north and south of the city respectively. The Brisbane International Airport is a 20-km ride by train, bus, taxi or car from the Congress venue. About an hour's drive north and south of the city respectively.
